DETAILS OF INVESTIGATION

On April 8, 2024, the United States District Court in the Eastern District of Virginia, Norfolk Division approved a United States Probation Office (USPO) search of KELLER's residence located at [REDACTED] Portsmouth, VA 23702.

On May 29, 2024, U.S. Probation Officer (USPO) Courtney Lopez and Lance Hall made initial contact with KELLER outside his treatment provider's address in Norfolk, Virginia. KELLER was advised by USPO Courtney Lopez and Lance Hall that the USPO has established reasonable suspicion to conduct a search, pursuant to Special Condition, and a Search & Seizure team will be conducting a search of his vehicle and residence for unapproved internet devices.

KELLER initially denied any such unapproved internet capable devices. KELLER then admitted he was in possession of a Black iPhone 11 (Serial No. F4HCG0FBN72Q). This was an unapproved device not known the USPO. Keller retrieved the iPhone 11 from the console of his vehicle and provided to USPOs along with the password. Keller denied that he had any other unapproved smartphones or internet devices in his residence, bedroom, or vehicle.

During a search of KELLER's residence two (2) unapproved devices were found in KELLER's bedroom.

The iPhone 8 Plus (Serial No. FD5VF4NGJCM0) and iPhone 6s (Serial No. F4GQB81NGRY9). The iPhone 8 was found under the mattress of KELLER's bed/chair. KELLER later admitted to possessing the device.

The iPhone 6 was found hidden in a stereo in KELLER's bedroom. KELLER admitted he possessed and used this phone soon after his release from Bureau of Prison's custody in 2020. For full detail of the search of KELLER's residence refer to USPO case report.

These devices were turned over to Homeland Security Investigations (HSI) in Norfolk, Virginia.

On June 14, 2024, HSI Special Agent (SA) Kristen Brewer applied for and was granted a federal search warrant in United States District Court in the Eastern District of Virginia in Norfolk, Virginia for all three cell phone devices.

Forensics of the devices and review of the media are ongoing. The following are descriptions and information about some of the media files that have been reviewed from two of the iPhones.
